## Car charger 2xUSB-A XW + 1xUSB-C 30W + 1xUSB-C 65W + 3 car sockets

**CHARGE UP TO 7 DEVICES FROM YOUR CIGARETTE LIGHTER!**

Want to simultaneously charge your smartphone and electronic devices in your vehicle while keeping your cigarette lighter port accessible? This charging station is for you.

Its three cigarette lighter ports support devices that require a lot of power (up to 8.5A shared).

Its two USB-A ports, including one QC 3.0 (ultra-fast charging), and its USB-C ports (up to 65W), allow for optimized charging of your smartphone and electronic devices. The ON/OFF LED buttons located on the cigarette lighter connectors allow you to turn off the chargers without having to unplug the station.

This helps preserve your vehicle's battery, among other things.

In addition, the charging station is equipped with a display located on its cigarette lighter charger. The latter displays your battery's voltage and will alert you if its level is critical.

Let yourself be seduced by its range of features.

Ultimate quality is backed by a lifetime warranty on this product\*.
