2XUSB-A 24W cigarette lighter charger gray finish

FAST CHARGING IN YOUR VEHICLE!

Charge up to two of your mobile devices while you drive!

This compact and discreet charger will simply charge your mobile devices while you drive.

You can use it on any cigarette lighter socket, as long as it delivers a voltage of 12 or 24 V.

Thanks to its 2 USB ports, this car charger delivers a charging current of up to 4.8 amps (if your device allows it).

This charger has SMART IC technology: it delivers an optimal energy supply by automatically detecting the voltage your mobile device needs.

You can therefore charge your smartphone while powering another mobile or your GPS for example.
