Wireless Adapter for CarPlay & Android Auto

ENJOY WIRELESS IN YOUR CAR WITHOUT CHANGING SYSTEMS!

This sleek adapter allows you to easily switch from wired CarPlay or Android Auto to a 100% wireless connection.

Ultra-light and discreet, it plugs directly into your vehicle's USB port for seamless integration.

No need to plug in your smartphone every time you drive: once connected, the adapter automatically takes over for instant access to your favorite apps.

Featuring discreet physical buttons, it allows you to easily switch between CarPlay and Android Auto modes depending on your device. Its FOTA (Firmware Over The Air) update system guarantees continuous compatibility with the latest software versions, without any technical adjustments.

This adapter is the ideal accessory for upgrading your car without changing anything to your original system.

Compatibility: Wired CarPlay and Wired Android Auto
Conversion: To Wireless CarPlay and Android Auto

Plug & Play installation, no configuration required
