## 48W USB-C + USB-A Car Charger – Recycled Aluminum – Anthracite Gray

**COMPACT, FAST AND RESPONSIBLE: OPTIMIZED CHARGING FOR ALL YOUR DEVICES, EVEN ON THE GO.**

This 48W car charger with USB-C and USB-A ports is the perfect solution for quickly charging two devices simultaneously, whether you're traveling alone or with others. Its sleek, recycled aluminum design gives it a premium look while respecting the environment.

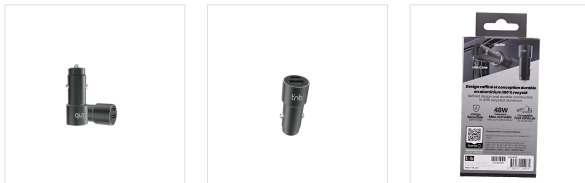

The USB-C port delivers up to 30W, ideal for fast-charging smartphones or certain tablets. This USB-C port is compatible with wireless charging up to 25W (including Qi2.0 and Qi2.2). The USB-A port offers up to 18W, perfect for efficiently charging more traditional devices (compatible with wireless charging up to 15W, including Qi2.0). By combining both ports, the charger achieves a power output of 48W, ensuring fast and secure charging.

Made from recycled materials (aluminum, polycarbonate, tin), this charger combines durability and performance. Its compact and lightweight design (25.7g) fits discreetly into your vehicle's cigarette lighter, ready to meet all your charging needs.

This charger from the Ultime range is guaranteed for life.

Ultime quality is backed by a lifetime warranty on this product\*.
