

Incar - Audio - Hands free kit

Compact 3.5mm jack Bluetooth receiver

LISTEN TO MUSIC FROM YOUR SMARTPHONE IN YOUR CAR WITHOUT BLUETOOTH!

This Bluetooth® receiver powered by micro USB, connects to any car radio with a 3.5 mm jack auxiliary input.
This product allows you to establish a Bluetooth® connection to any car radio that does not have one and thus to be able to restore phone calls and audio content, without a wired connection.
It is also equipped with a microphone and can be used as a hands-free kit.
For example, it allows you to listen to music from your Smartphone, tablet, or from all devices capable of establishing a Bluetooth connection.
Does not require any software. Plug & Play.
