

Suction cup jaw support and motorized ventilation grille

THE IDEAL MOTORIZED SUPPORT!

The motorized smartphone holder specially designed for use in the car.

Simply bring your smartphone close to the holder to activate the opening.

The holder is powered by a micro USB cable connected to your vehicle's cigarette lighter charger (the cable and charger are provided).

This versatile holder will adapt to any type of vehicle, thanks to its suction cup for windshield and dashboard as well as the air vent adapter.

Compatible with any smartphone up to 6 inches.

The holder is also equipped with a telescopic arm to adapt the position of your holder. The 360 ° rotating head allows you to tilt your smartphone in both portrait and landscape mode to guarantee the best comfort.
