THE MOST POWERFUL MAGNETIC HOLDER ON THE MARKET!

Ideal for accessing your Smartphone in a single gesture in the car, this premium support redefines the standards of the magnetic support:

- Ultra-wide magnetic surface (up to 2 times larger than a traditional magnetic support) ensuring an ultra-stable attachment, ideal for large smartphones and tablets up to 8" inches.
- Support equipped with 6 super-powerful magnets for holding the smartphone without disturbances, neither on the battery nor on the reception/transmission of calls.
- Premium carbon fiber effect finish.

It will hold your Smartphone with great stability on which you will have previously stuck an adhesive metal tab provided (or in your case). In order to adapt to all vehicles, the support is adjustable thanks to its rotating head. An adhesive metal plate is provided.
