USB-C to Lightning cable with metal connectors

BENEFIT A DURABLE AND STYLISH CABLE

Practical above all: this cable can adapt to all situations, at work, in the car or at home. Its ultra-resistant braided RPET nylon sleeve will offer you prolonged and intensive use while remaining elegant. RPET is recycled plastic, so we reduce the use of plastic for this cable.

In addition, its metal connectors with silver grey alloy effect add a unique style effect and even more resistance.

Charge and sync your data at the speed of light: This USB C / Lightning cable is compatible with turbo charge it mean it supports output currents up to 60w to charge your compatible devices in a flash.

Take advantage of its 1.5m length, ideal for using your device on your sofa or in the back of a car.

Its USB Type-C connector is 100% reversible, don't waste time trying to find the right direction for the cable, both ways work!
