TONALITY Active Noise Cancelling Bluetooth Headphones

FASHION HAS NO LIMITS.

The TONALITY over-ear headphones, in a mint green that gives a new dimension to your musical desires... Thanks to active noise cancellation technology, which reduces ambient noise by up to 20 dB, the TONALITY headphones provide true immersion in your musical bubble. Their foam ear pads and headband lining offer optimal comfort. The headphones offer 32 hours of battery life with ANC activated, or 42 hours without ANC: they'll keep you entertained all day long! And if that's not enough, use the included 3.5mm jack cable to extend the experience even further.

The over-ear design makes your experience immersive: block out external noise and lose yourself in your thoughts for hours. The headphones offer highly faithful sound reproduction, and the integrated controls allow you to navigate between tracks, adjust the volume, and answer calls. The built-in microphone lets you make calls with complete freedom of movement. Take advantage of multi-connection mode to pair with two devices simultaneously, such as a smartphone and a computer, and switch between them with a single touch, without needing to disconnect first.

The foldable headphones and adjustable headband make them indispensable for all your travels.

It's clear: the TONALITY range is made for you!
