Magnetic mount with induction charging for 15W air vent

A CHARGER COMPATIBLE WITH ALL AIR VENTS

This premium mount will perfectly complement your vehicle's interior.

Equipped with an induction charger, it allows you to charge your smartphone quickly and easily thanks to its 15W power.

Thanks to its latest-generation air vent mount, it will hold your smartphone securely and fit most air vents.

Premium mount with a high-quality finish and sleek design.

15W turbo induction charger compatible with all phones that support induction charging.

Universal magnetic holder system (magnet included) compatible with MAGSAFE technology. A wide surface area for optimal support and stability.

360° rotating head allows you to position your phone in portrait or landscape mode.
