

Make your life *easier*

Smartphon - Smartphone chargers - USB Type-C chargers

1 USB-C + 1 USB-A GAN 20W mains charger

ENJOY ULTRA-FAST CHARGING UP TO 20W

Quickly charge all your mobile devices with USB Power Delivery technology. This charger is compatible with all devices equipped with a USB Type-C port, up to 20W.

The charger is equipped with a USB-C output and a USB-A output

Integrating GAN technology, which allows for very high charging powers while maintaining a compact format, this charger is the ideal companion for all your travels.

When using a single USB-C port, the power delivered will be 20W / using a single USB-A port will deliver a power of 18W / using 2 USB-C + USB-A ports simultaneously will deliver a power of 20W (7.5W + 7.55W)

The Power Delivery function allows you to charge your compatible devices very quickly, without damaging them thanks to protections against overvoltages, overheating and short circuits.

100% of the plastic used in the charger is recycled, using recycled plastic significantly reduces the carbon footprint of the product without affecting the quality and safety of the charger.

This approach is part of a global strategy that aims to reduce the carbon impact of all our product ranges.
