Magnet Pro Wireless Charger - 25W - Qi 2.2 Certified - USB-C - MagSafe Compatible

**THE POWER OF ULTRA-FAST WIRELESS CHARGING,
DESIGNED FOR DEMANDING USERS.**

Discover the Magnet Pro, a premium wireless charger designed to push the boundaries of fast charging. Certified Qi 2.2, the latest wireless charging standard, it delivers up to 25W of power, equivalent to wired charging... but without the cable, without the hassle. The result: your smartphone charges as fast as with a wired connection, while enjoying complete freedom of movement.

This new Qi 2.2 standard represents a major advancement in energy efficiency and charging stability, guaranteeing a smooth, fast, and secure user experience. Compatible with MagSafe, this magnetic charger aligns perfectly with iPhones (from iPhone 12 Pro onwards) or Google Pixel phones (PixelSnap Charge), ensuring optimal positioning every time. The Magnet Pro's sleek design features an elegant and ultra-durable aluminum casing. It effectively protects the charger from impacts while maintaining a modern and discreet look. Its integrated one-meter braided USB-C cable is built to last: robust, flexible, and perfectly suited for everyday use. Designed for maximum versatility, it also allows you to charge Qi-compatible wireless earbuds. The Magnet Pro is the ideal companion for all your devices, at home or in the office.

Finally, for optimal performance, it is recommended to use a USB-C power adapter of at least 30W (not included).

And because durability matters, this product is covered by a lifetime warranty (subject to conditions available on our website).
