ONYX TWS in-ear wireless headphones

POWERFUL SPEAKERS, UNMATCHED STYLE

ONYX headphones are as refined and sophisticated as a precious stone. Don't go unnoticed, assert your style, shine with your music thanks to these wireless headphones, equipped with Bluetooth 5.2.

The in-ear format provides exceptional sound power and dark bass depth, isolation from surrounding sounds and therefore passive noise reduction. Their hold in your ear and their ergonomics ensure total freedom of movement.

Thanks to the charging box, the total battery of the headphones is up to 24 hours, enough to accompany you throughout your days and activities. In addition, follow the charge level of your box at any time with the LED indicator on it, and thus anticipate recharging it to never run out of battery.

The earbuds feature touch control allowing you to manage volume and playback tracks with a tap. Thanks to the integrated microphone, pick up and make your clear calls in one gesture, without going through your smartphone.

The combination of the shiny finish on the headphones and the soft touch on the case makes the ONYX a real fashion accessory.
