RETURN TO THE ORIGINS OF MUSIC

Take a futuristic leap into the past, to the origins of music. The fashion of the 1990s combined with modern technological know-how. An update with a touch of nostalgia. Immerse yourself in an era through its emblematic codes, which have marked an entire generation.

The total autonomy of the headphones exceeds 15 hours, with 5 hours of autonomy on a single charge.

Their trendy and ergonomic design makes them very comfortable. The format of the semi-in-ear headphones will adapt to your ear without causing pain in the event of prolonged listening.

Use the touch control to manage the volume, the tracks of playback, and take your calls without using your smartphone

The ORIGIN collection is the return of a free lifestyle, centered on music.
