## 3 in 1 Bluetooth FM Transmitter

### MUSIC FROM YOUR SMARTPHONE IN YOUR VEHICLE!

Do you have a vehicle without a USB port and without Bluetooth and you want to listen to the music from your Smartphone and also manage your calls easily?

This Bluetooth FM transmitter with integrated hands-free kit is made for you. It allows you to listen to your music and enjoy your calls directly on the speakers of your vehicle.

All you have to do is plug it into your cigarette lighter socket and switch to the radio frequency of your car radio to listen to your best music.

You can connect the FMCT07V2 to your devices via a Bluetooth connection, a USB stick.

With two USB-A max ports and a USB-C port, they can be used while your mobile is charging.

Thanks to its integrated buttons, you can manage your music and calls with one click. In addition, it has an automatic search function for radio stations.
