

Premium Bluetooth FM Transmitter

MUSIC FROM YOUR SMARTPHONE IN YOUR VEHICLE!

Do you have a vehicle without a USB port and without Bluetooth and you want to listen to music from your Smartphone and also manage your calls easily?

This premium Bluetooth FM transmitter with integrated hands-free kit is made for you. It allows you to listen to your music and enjoy your calls directly on the speakers of your vehicle.

Simply plug it into your cigarette lighter socket and synchronize the frequency of your car radio with that of your FMCT09 to listen to your best music.

You can connect the FMCT09 to your devices via a Bluetooth connection, a jack cable, a USB stick or a USB input.

Featuring two USB ports including an 18W QC3.0 charging port, it also has a USB-C charging port with a 30W turbo charge.

All of the product's features can be used while your mobile is charging.

Thanks to its integrated buttons, you can also manage your music and take your calls with one click.

In addition, it has an automatic search function for radio stations.

The product has a music volume adjustment button and also a light contour; choose between the different modes: OFF / RED / GREEN / BLUE / APPLE GREEN / PURPLE / SKY BLUE
