

## 5 HDMI Switch

### SWITCH YOUR HDMI DATA!

#### HDMI Switch (HDMI5IN1)

The T'nB 4K HDMI switch allows you to share a screen or projector with 5 different HDMI sources.

The switch function has five independent HDMI options that each support 4K resolution as well as 7.1 surround sound.

You will be impressed by the Ultra HD image quality maintained. 4K is supported by recent audiovisual equipment and delivers an image quality 4 times higher than 1080p resolution.

However, the HDMI switch remains compatible with resolutions lower than 4K and will ensure good rendering in your image broadcasts.

Supports HDCP 2.2

Selection remote control included (battery provided).

HDMI 2.0

4K x 2K - 60Hz
