Microphone USB color LED illumination - INFLUENCE PRO

ADD DYNAMIC COLOR ILLUMINATION TO YOUR STREAMING AND GAMING!

This unidirectional condenser microphone gives you dynamic RGB color illumination while streaming or gaming. The change of colors is programmed. Equipped with an anti-vibration stand and a metal pop filter, it reduces vibrations on the desk and eliminates unpleasant popping noises for optimal distribution to all your subscribers and listeners. The touch button and an LED light in front of the microphone let you view, mute or unmute. With its simple plug-and-play installation, just plug it in your Windows computer, MacBook or PS4 and start streaming and gaming right away!
