## 360° Face Tracking Tripod - No App - Remote Control - Built-in Camera - INFLUENCE PRO

**FILM LIKE A PRO, EVEN SOLO – THE TRIPOD THAT FOLLOWS YOU 360°**

Imagine an assistant that follows you everywhere, without you having to lift a finger. Thanks to its automatic 360° face tracking, you're always perfectly framed, even when you're on the move. No more complicated apps needed: the integrated camera works completely independently, so you can focus on what matters—your content. A simple hand gesture is all it takes to activate or stop tracking thanks to intelligent gesture control. And with the multi-functional Bluetooth remote, you can trigger your photos and videos remotely, control TikTok (like, next/previous video, volume), and keep the beat going without interrupting your creativity. Its detachable smartphone holder becomes a mini stand for your downtime, and its tripod extends up to 160 cm, adapting to all your shooting positions, from the office to the stage. Rechargeable via USB-C and compatible with all smartphones up to 9 cm, it's ready to go wherever you go.

Why you'll love it:

Always in frame: 360° automatic tracking for smooth, dynamic videos.

Total freedom: Standalone camera, no apps or restrictions.

Intuitive control: Activate tracking with a simple gesture (OK/STOP).

Boost your content: Bluetooth remote control for filming, liking, and browsing TikTok.

Versatile and practical: Portrait or landscape orientation, detachable desktop stand.

Portable and adaptable: Tripod extends up to 160 cm for any situation.

Fast charging: USB-C port for worry-free battery life.
