

IP68 wired keyboard

RESISTANT AND WASHABLE

Its 100% waterproof IP68 certified coating allows this keyboard to be used in the most demanding environments. Whether in environments highly exposed to dust and liquids, or in an environment with hygienic constraints. Its full silicone coating allows it to be cleaned regularly and easily, using risk-free liquid cleaning products. Thanks to its smooth surface, the keyboard does not retain bacteria and dirt, and dust cannot slip into its structure.
