THE ULTIMATE MULTIFUNCTION KEYBOARD

Rechargeable Bluetooth wireless keyboard with ultra-thin design. Its compact shape is recommended by ergonomists because it minimizes hand movement, while maintaining the practicality of a complete numeric keypad. Rechargeable with its integrated 400 mAh battery, enjoy many weeks of use with a single charge. Thanks to its multifunction keys, it is compatible for Windows and macOS users. Its 13 multimedia shortcuts make it an ally for your productivity. Adjust the brightness or volume of your device with ease. Its ultra-thin design and gray color with deep blue reflections make it a keyboard that is as pleasant to use as it is to look at. The body of the keyboard is only 7 mm thick, excluding the area containing the battery and allowing the keyboard to be straightened for greater typing comfort. Its ultra-thin keys are comfortable and satisfying, providing real typing pleasure.
