2 Universal Metal Patches for Magnetic Mounts – Compatible with all smartphones

INSTANTLY MAKE YOUR SMARTPHONE COMPATIBLE WITH ALL MAGNETIC MOUNTS!

These universal metal patches are the ideal solution for making any smartphone compatible with a magnetic mount, except MagSafe systems. Thanks to their high-quality 3M® adhesive, they easily attach to the back of your phone, your case, or any other device (GPS, etc.), without damaging your surfaces. No need to replace your case with each new phone model: one patch is all you need to securely hold your device on your car or desk mount. The pack includes two discreet and elegant dark gray and light gray patches that blend perfectly with the design of your devices for a sleek and modern look. Ideal for replacing a lost patch or adding to a new device, this kit is a must-have for all magnetic mount users!
