Double monitor articulated arm

THE IDEAL SUPPORT TO ADJUST PRECISELY YOUR BOTH SCREENS SIDE BY SIDE.

Double articulated screen support with 360° adjustment. The articulated support is the best solution for your screen set up. It allows you to adjust continuously your monitor position, in height, depth and width. Enjoy a complete freedom, work while sitting down or standing up, turn your screen to present work to a colleague. Everything is possible. The double arm allows you to place freely your two screens and to improve your work comfort. Its gas spring allows you to precisely adapt the position and balance the weight of the screen. The cable management is integrated to facilitate the storage and clear the desk. Two mounting solutions are included : desk clamp and grommet.
