Double Arm Articulated Monitor Stand - White

THE IDEAL SUPPORT FOR POSITIONING YOUR 2 SCREENS SIDE BY SIDE.

Double screen arm with full articulation and 360° adjustment.
The double articulated screen arm is the optimal solution for installing your two screens.

It allows you to constantly adjust the position of your monitors, in height, depth and width.

Enjoy total freedom of placement, work standing or sitting or turn your screens to present content to a colleague. Everything is possible.

The double arm allows you to position your 2 screens freely and improve your working comfort.

Its gas spring allows you to adjust the position and counterbalance the weight of the screen with precision.

Cable guide integrated into the body of the arm to facilitate desk storage and free up space.

Two integrated mounting options: clamping screw and drilling kit.
