Mechanical articulated monitor arm for 17-32" monitors

THE IDEAL SUPPORT FOR POSITIONING YOUR SCREEN.

Monitor arm with full articulation and 360° adjustment.
The articulated arm is the optimal solution for installing your screen. It allows you to constantly adjust the position of your monitor, in height, depth and width.
Enjoy total freedom of placement, work standing or sitting or turn your screen to present content to a colleague. Everything is possible.
Its mechanical spring adjustment system allows you to precisely counterbalance the weight of the screen.
Cable guide integrated into the body of the arm to facilitate desk storage and free up space.
Two integrated mounting options: clamping screw and drilling kit.

BOX CONTENTS
