ELYTE - Ultra-precise wireless gaming mouse - NEARLINK technology

**GAMING PERFORMANCE REINVENTED:
ULTRA-RESPONSIVE, ULTRA-LIGHT, AND
UNINTERRUPTED.**

Step into a new era of performance with the MYNEARLINK wireless gaming mouse, equipped with revolutionary Nearlink™ technology. Designed for demanding gamers, it combines extreme responsiveness, exceptional lightness, and extended battery life. Thanks to its triple connectivity (Nearlink™, Bluetooth 5.4, and wired USB-C), it adapts to all your environments, from your gaming setup to your mobile office. Weighing in at just 54.3g, it's ideal for extended sessions without fatigue. Its Nearlink™ technology ensures ultra-low latency of 1ms, reduced power consumption of 66.7%, and a stable connection range of up to 60 meters, surpassing traditional solutions in congested environments. It features a PAW3311 sensor with 24,000 DPI, a polling rate of up to 1000 Hz, and HUANO switches with a lifespan of 20 million clicks. Compact, elegant, and without backlighting, the MYNEARLINK boasts a sleek, premium aesthetic while offering advanced customization through its programmable software. Whether for competitive gaming or office use, this mouse provides control, precision, and freedom.
