

OUTLIFE 10W Foldable Solar Charging Panel

NEVER RUN OUT OF BATTERY AGAIN!

The OLSP15 charging station will accompany you in all your outdoor activities.

This foldable solar charging panel is the solution to never run out of battery. Unfold the panel to capture solar energy and charge in real time. Equipped with a USB port, the solar panel delivers a total power of up to 10W.

You can also connect the product in series using the USB-C port, thus obtaining a power output of up to 15W.

The solar charging part is resistant to possible water splashes.

USB-A 5V/2A output current

Dimensions when open: 200 mm x 383 mm x 4 mm

Dimensions when folded: 200 mm x 58 mm x 23.5 mm

Weight: 515 g

This OUTLIFE charging station will be the ideal tool for athletes and adventurers to support their outdoor activities!
