10,000 mAh power bank with 45W TFT screen

RECHARGE ALL YOUR DEVICES IN A FLASH WITH A COMPACT, SMART AND ECO-DESIGNED BATTERY.

Powerful, compact, and built to last, this power bank offers a premium charging experience in a pocket-sized format.

With a 10,000 mAh capacity, it allows you to simultaneously charge two devices via its USB-C (45W) and USB-A (18W) ports, with optimal efficiency thanks to fast charging technology.

Its key feature? Its integrated TFT digital display, which shows real-time charging speeds for each port, remaining battery time, charge percentage, and even the internal temperature, for complete control and enhanced safety.

Made with a recycled aluminum casing and 100% recycled plastics, this power bank is a truly sustainable choice. Its elegant design and premium materials make it both practical and stylish, perfect for taking anywhere.

Compatible with a wide range of devices—laptops, smartphones, tablets, headphones, and other accessories—it adapts to all your daily needs.
