## 2500 mAh power bank for Apple Watch

### THE ESSENTIAL ACCESSORY FOR YOUR APPLE WATCH

**Compact and Transportable:** Take it everywhere with you! With its small size and sleek design, this power bank fits easily into your pocket, handbag or backpack, giving you a handy charging solution, wherever you are.

**Charging Power:** Never run out of battery again! With a capacity of 2500 mAh, our battery provides up to 3 full recharges of your Apple Watch, allowing you to stay connected and active all day long. Thanks to its digital display you can easily check the state of charge of your battery, it is displayed as a percentage on the digital screen.

You can also charge all your other devices thanks to its USB-C port located on the bottom of the battery, which is used to recharge the battery as well as your devices.

**Induction Charging:** Enjoy the simplicity of wireless charging! Simply place your Apple Watch on the charging pad and you're done. Induction technology ensures efficient and convenient charging, without the hassle of cables.

**Universal Compatibility:** No compatibility worries! Designed to fit all versions of Apple Watch, this power bank is the perfect accessory for all users, ensuring reliable and fast charging, no matter the model of your watch.

**Characteristics:**

Capacity: 2500 mAh

Charging technology: Induction
