IPX8 waterproof bag

KEEP YOUR SMARTPHONE AND PERSONAL BELONGINGS DRY, ANYWHERE, ANYTIME

Enjoy your water sports or water activities without worrying about getting wet thanks to this IPX8 waterproof bag. Designed to accommodate smartphones up to 7 inches, it's perfect for protecting your phone, as well as your keys, papers, or cash, with its 0.5L capacity.

Its transparent screen allows you to view and use your smartphone's touchscreen without opening it, even in the rain or at the seaside. The bag can also float on the surface of the water, preventing you from losing it if it falls into the water.

Its adjustable and detachable strap allows you to wear it around your waist or across your body, depending on your preference. It's the ideal accessory for beach trips, water sports, skiing, or simply to keep your valuables dry in all circumstances.
