

PREMIUM - RCA OR M/M 3M

TRANSMIT YOUR AUDIO AND VIDEO SIGNALS WITH SUPERIOR QUALITY

Transmission Quality: The RCA GOLD M/M cable uses gold-plated connectors to provide high quality signal transmission. This superior contact technology helps minimize signal loss and interference, ensuring optimum transmission quality for both audio and video signals.

Wide compatibility: The RCA OR M/M cable is compatible with a variety of audio and video equipment, such as amplifiers, speakers, DVD players, game consoles and televisions. This broad compatibility makes it a practical and versatile choice for AV professionals.

Suitable length: The 3 meter RCA OR M/M cable provides sufficient length for AV connections in recording studios or movie theaters. This length allows audio and video equipment to be connected at a reasonable distance without the need for additional extension cords or adapters.
