## Soft silicone case for iPhone 17 Pro Max

**ENHANCE YOUR SMARTPHONE WHILE PROTECTING IT EFFECTIVELY.**

Protect your iPhone 17 Pro Max with this soft silicone case.

This case is made from silicone, a material that is both flexible and durable, ensuring protection against bumps and scratches. Designed specifically for your iPhone 17 Pro Max, it allows you to access all the features of your smartphone while preserving its design.

A non-slip coating is applied to the outside of the case, giving your smartphone a secure grip and preventing accidental drops.

We know how precious your smartphone is, so we've added microfiber to the inside of the case, eliminating any risk of scratches or marks. Your smartphone is therefore protected inside and out. The four corners of the case are reinforced to prevent any damage in case of a fall.
