Eco-friendly French 13-14" laptop case in leather and felt - brown/grey

SLEEVE ECO-FRIENDLY MADE-IN-FRANCE FOR THE DAILY PROTECTION OF YOUR LAPTOP.

Our CSR commitments and values have naturally led us to develop products that are more responsible and respectful of the environment. That's why we've launched our Made in France range.

This Made in France pouch is 100% designed and produced in a factory in the South of France. So it's a purely local and French product that you can enjoy every day.

What's more, it's made from eco-felt and recycled leather, demonstrating real eco-responsibility and high quality.

Eco-felt is a material obtained by recycling plastic, and is durable, soft to the touch and hard-wearing. Recycled leather comes from scraps of material originally destined to be thrown away. Natural latex and a water-based varnish are added to make it resistant and water-repellent without any chemicals.

Your computer is protected from knocks and scratches, while allowing you to show off your authentic, elegant style. The elastic band above the flap adds security to the sleeve.

Your sleeve is easy to carry, either under your arm or in a rucksack. Its size and lightness mean you can take it with you wherever you go.

Your sleeve is compatible with most computers up to 14 inches.

BOX CONTENTS

- 1 x sleeve PC 13-14"

Characteristics

36X35X0,8

36 X 0,8 X 27
