

Folio Magnetic Keyboard for 10-11" Tablet

THIS MAGNETIC KEYBOARD FOLIO WILL ATTRACT YOU LIKE A MAGNET.

This magnetic folio goes everywhere with you and will be your best ally every day. Its different usage modes make it versatile and useful in all circumstances. You can position it for reading, writing, watching movies, or simply using it as a computer.

No more tablet resting on an unstable surface! Your keyboard will be easier to use every day. Bluetooth and detachable, it can be used anywhere, facilitating your position and allowing you to be comfortable. To ensure optimal use, we have reinforced the bottom of the keyboard.

With its 280mAh battery, it will last more than 120 hours continuously! You can use it without worrying about recharging the keyboard.

Universal, this keyboard supports all operating systems (iOS, Android, and Windows).

All your tablets will therefore be compatible and interchangeable with this keyboard.

We've also carefully selected sturdy, stylish elastic bands to ensure your tablet stays securely in place. Additionally, the edges are reinforced for added protection.

Its tilt stand allows you to rest your tablet and tilt it as you wish, allowing you to use it like a computer.

The magnetic tab provides additional security when closing your folio.

This folio also features a stylus holder.

Its elegant and timeless design allows you to take it anywhere with you. The soft interior prevents scratches and micro-scratches.

This folio is your perfect everyday companion. At work or at home, it will delight you with its optimal and comprehensive functionality.
