## Link & Charge Cable for META VR Headsets - 5 meters

**TWO-IN-ONE CABLE TO STAY CONNECTED WITHOUT WORRYING ABOUT BATTERY**

Unleash the full potential of your virtual reality headset with this dual-function cable specially designed for Meta Quest-compatible VR devices (Oculus 1, 2, 3, 3S). This innovative cable offers both an ultra-stable connection for data transfer (USB 3.0) and fast 24W power delivery, ensuring an uninterrupted gaming experience, even during the longest sessions.

Its premium design includes an ultra-durable nylon braided cable, an ergonomic angled USB-C plug with LED charging indicator, and a built-in management box that intelligently separates data and power functions. This allows you to play and charge simultaneously, without any performance loss or overheating. The cable also offers a length of 5 meters, perfect for your VR sessions, giving you great freedom of movement in your gaming space. Its extensive compatibility with all recent Oculus headsets and Pico 4, as well as its easy plug & play installation, make it the essential accessory for all virtual reality enthusiasts looking for a stable, fast and hassle-free connection.

### BOX CONTENTS
