

Smartphone - Smartphone screen protections - Samsung® screen protections

Fullscreen protection for Samsung Galaxy S21 Plus

PROTECT YOUR SAMSUNG S21 PLUS SCREEN

The thinnest and toughest protection ever created

Thanks to its nano technology, hybrid protection is the ultimate protection for your phone. Composed of both plastic and glass, it offers the perfect compromise between strength and finesse.

40% thinner than conventional glass protection, it offers a unique touch and optimal tactile sensitivity. In particular, it allows unlocking with fingerprints.

We deliver protection with a complete installation kit, you can now lay down your protection like a pro! No more air bubbles or the edges that come off. Once installed this protection is made to stop moving.

This protection absorbs shocks, protects against scratches and prevents fingerprints or other dirt on your screen.

BOX CONTENTS
