

Shell smartphone holder for bike

TRANSPORT, PROTECT AND USE YOUR SMARTPHONE

Would you rather keep easy access to your Smartphone while you are riding bike or e-scooter ? This handlebar holder is made for you. It must be fixed on the handlebar (max diameter 28mm) and thanks to its semi-rigid shell, it is protected from dust and water splash.

Once closed, you can still access to your Smartphone thanks to the tactile screens, and unlock your smartphone with your fingerprint.
