

Urban Moov - Equipment - Helmets

COMBINE SAFETY, COMFORT AND FASHION

While riding an e-scooter, a bike, an hoverboard, this helmet will protect you from falls and humps.

Its polycarbonate outer shell and expanded polystyrene, associated to in mold technology, guarantee an optimal protection and a shock absorption.

The transparent visor protects you from the wind, and slides on the helmet if you don't want to use it.

The LED system at the front and at the back makes you visible from all the users on the road, at night, in urban environment. Take advantage of these 3 different LED options in order to notify you to as many people as possible and prevent the risk of accident.

Moreover, the 8 air vents ensure ventilation for your head and reduce perspiration while providing a timeless style.

The inner padding is absorbant, removable and hand washable.

Finally, its rear adjustment system consisting of a strap and rotary button allows you to adjust it perfectly, for optimal support and maximum protection.
