

## LED helmet with automatic brake light - removable visor and earmuffs - GREY SIZE L

### SMART LIGHTING WITH AUTOMATIC BRAKE DETECTION

This helmet is equipped with smart lighting with automatic brake detection. It is certified to the EN 1078 European safety standard for impact protection.

Product Benefits:

- Automatic brake detection: The brake light activates automatically when braking, increasing your visibility and safety.
- Remote-controlled directional indicator: Easily indicate your changes of direction with a convenient remote control.
- Universal remote control mount: Compatible with all bicycle and scooter handlebars.
- 6 lighting modes: ECO red light mode (medium brightness) (energy saving), POWER red light mode (high brightness), CIRCULAR mode (circular yellow light), LEFT flashing mode, RIGHT flashing mode, and HAZARD LIGHT mode.
- 180° visibility: Be seen from all angles, ensuring optimal safety.
- Visibility range of up to 500 meters: Stay visible from a distance, even in low-light conditions. (Tested by T'nB. Test conditions: Flashing yellow lights on a dimly lit road outside built-up areas at night without rain.)
- Lightweight and comfortable: Made of In-Mold Tech polycarbonate.
- Fidlock® magnetic buckle: Patented magnetic system for quick and secure one-handed closure.
- IPX4 water resistance: Protected against splashes of water, ideal for all weather conditions.
- Category 0 anti-UV and anti-micro-scratch visor
- Removable earmuffs, ideal for winter or windy riding.
- Up to 8 hours of battery life in ECO mode (energy saving)
- Rechargeable via USB-C

### BOX CONTENTS

- 1 x headset
- 1 x carrying case
- 1 x USB-C cable
- 1 x user manual

## Characteristics

30x21x26
