

Make your life *easier*

Urban Moov - Equipment - Helmets

VIZION 360 Helmet - Size L - Black

VISIBLE FROM 360°

The VIZION 360 helmet enhances your safety with its automatic brake light that activates instantly when braking. Its synchronized front light improves visibility and ensures complete signaling. Together, they create 360° visibility for safer rides day and night.

Guaranteed protection

Tested and approved by a French laboratory for your peace of mind. Compliant with CE EN 1078 standard

Brake, it lights up

The automatic 360° brake light provides instant alerts

Visible up to 500m

Tested by our design office

Integrated turn signals

Signal your turns safely with the handlebar-mounted remote control

Synchronized front light

Works in perfect synchronization with the rear light: left/right turn signals, automatic brake light, and hazard warning mode

Size guide (head circumference)

Size M: 55-58 cm

Size L: 59-61 cm

Tip: If you are between two sizes, choose the larger one for greater comfort.

How to measure your head circumference?

To determine the right helmet size for you, follow these simple steps:

Use a flexible measuring tape (like a tailor's tape measure). Place it approximately 2 cm above your eyebrows, passing over your ears.

Wrap the tape measure around your entire head, including the back where it is widest.

Note the measurement in centimeters.

Refer to the size chart above to identify your correct size.

A properly fitted helmet should conform to the shape of your head without being too tight or too loose. This ensures optimal protection, a comfortable fit, and pleasant everyday use.

BOX CONTENTS

- 1 x headset
- 1 x handlebar remote control
- 1 x carrying case
- 1 x USB-C cable
- 1 x instruction manual

Characteristics

Ref.: **UMHELMLED4BKL**

3 303170 134443

Packing: 1

Net weight (g): 674

Weight with packaging (g): 1238

Product size (cm):

Packing size (cm): 39.2x24x24
