

Make your life *easier*

Urban Moov - Equipment - Helmets

Protective helmet size M black

PROTECT YOURSELF IN COMFORT WITH THIS ADJUSTABLE HELMET

Don't worry about falls with the Urban Moov protective helmet. Whether you're riding a scooter, bike, or hoverboard, this helmet will protect you from bumps and knocks.

The 14 air vents provide better ventilation. Its rear adjustment system and adjustable strap allow you to adjust it perfectly for absolute support and maximum protection.

This helmet is tested and certified and complies with CE standard: EN 1078; 2012 + A1: 2012 safety regulations and standards.
HELMET SIZES

To ensure comfort and safety, it is essential to choose a helmet that fits your head properly. Size Guide

Size S: 52 – 55 cm

Size M: 55 – 58 cm

Size L: 58 – 60 cm

Tip: If you are between two sizes, choose the larger one for better comfort.
How to measure your head circumference?

To determine the right helmet size for you, follow these simple steps:

Take a soft tape measure (tailor's tape).
Place it approximately 2 cm above your eyebrows, passing over your ears.
Go around your head completely, passing around the back, where it is widest.
Note the measurement in centimeters.
Refer to the size chart above to identify your size.
A well-fitting helmet should conform to the shape of your head without being too tight or too loose. This ensures optimal protection, a comfortable fit, and a pleasant everyday experience.
