

8.5" inner tube with angled valve for electric scooter

TAKE THE ROAD IN ONE GESTURE THANKS TO THIS INNER TUBE

This inner tube for e-scooter is compatible with most escooters with 8,5" tyres (except XIAOMI).
With a curved tyre valve, it is easy to inflate your tyre and allows you to take the road quickly.
It will ensure you an optimal stability on the road and improve the shock-absorption effect of your tyre.
The height of 8,5" fits perfectly for your scooter wheels.
This inner tube requires the use of a 8,5" tyre for your scooter.
