

Make your life *easier*

Urban Moov - Urban Retro - Urban Retro

Bike backpack

A STYLISH AND CLEVER BACKPACK!

Combine the heritage of vintage codes with modernity and the urban trend through this backpack.

Entirely made of plastic fabric from recycled bottles (RPET), this bag is environmentally friendly. Its coating makes it possible to resist the rain on short journeys.

It has a large 15L interior pocket divided into 3 compartments, including a compartment compatible with laptops up to 15.6", as well as a zipped pocket.

Fold the bag and protect your personal belongings with the attachment hook on the front.

Outside, find a zipped pocket on the front, and a discreet pocket on the back. The two side pockets allow you to carry a water bottle and a U. lock,

At the bottom of the backpack, in a zippered pocket, there is a helmet storage net.

At the back, the bag has two ultra-comfortable shoulder straps and a chest strap. The straps are retractable and can be easily stored at the back to attach the backpack to the side luggage rack.

As it's the little details that make the style, take advantage of the neat finishes and the URBAN RETRO touch brought to this backpack!
