

Reinforced protection for Microsoft Surface 9 Pro - 10 -11

This reinforced case protects your Microsoft Surface Pro in all circumstances.

Its dual-material case wraps around the tablet and protects the back from scratches. Its reinforced corners absorb shocks and protect the tablet in the event of a drop.

The strap on the back of the tablet provides an optimal and practical grip during use. It is adjustable and adapts to any user.

This case tilts and allows you to use the tablet's stand function while remaining protected.

A stylus holder integrated into the case allows you to never lose your stylus and provides immediate access to it, as well as making it easy to carry.
